Acceptance Criteria NIB:	Scenario: Get initial payment amount GIVEN the join flow is in progress AND the product is NOT "Visitors cover" (id=103) WHEN the Payment Details page is shown THEN calculate the endDate (see linked Confluence page for details) AND use Pricing API to get the initial payment amount (see linked Confluence page for details) AND present the "total" value in the API response as the "Initial Payment Amount: \$" at the bottom of the Payment Details page		
Epic Link:	Payments		
CRM Product Team:	Member Sales and Service		

Description

AS A Sales Consultant

I WANT to see the initial payment amount for direct debit sales before completing the join

SO THAT I can meet legal requirements when taking payments
